INDEX

A

Abnormalities, electrolyte, of the sweat in fibrocystic disease of the pancreas, 67
Accidental death, the nature of circulatory failure in, 475
Acid influence, phosphatase activity as a gauge of, in peptic mucosal damage, 187
ACTH or cortisone, cation exchange resin therapy in patients receiving, 1
Addition and antagonism from combinations of aureomycin and penicillin in the treatment of pneumococcic infections in mice, 525
Adrenocorticotropic hormone, *see* ACTH
Allelic form of the disease: mild hemophilia, 46
Aminoaciduria in childhood: cystinuria and cystinosis, 677
Amodiaquin (Camoquin), evaluation of, in the treatment of relapsing vivax malaria, 26
Andersen, D. H., *see* Darling, R. C., *et al.*, 67
Anemia, pernicious, crystalline B_{12} inhalation therapy in, 113
Aneurysms, intracranial, and other disorders, association of polycystic kidneys with, 485
micro-, retinal, 205
Angrist, A. A., *see* Rubler, S., 20
Anigstein, R., *see* Swann, H. G., *et al.*, 475
Antagonism and addition from combinations of aureomycin and penicillin in the treatment of pneumococcic infections in mice, 525
and synergism in mass disease of man, 320
Anti-amebic therapy, follow-up study of clinical results of, 245
Antibiotic-resistant staphylococci and related infections, 299
Antibiotics, the inactivation of, by cation exchange resins, 399
Antibody, anti-c, hemolytic transfusion reaction caused by, (with a note on the application of the Coombs test to crossmatching procedures), 630
Anticoagulant effect of phenylindanedione in thromboembolic disorders, 495
therapy in acute myocardial infarction, 8
Aortic and apical systolic heart murmurs, the clinical significance of, (without diastolic murmurs) as heard with the stethoscope, 469
Apical and aortic systolic heart murmurs, the clinical significance of, (without diastolic murmurs) as heard with the stethoscope, 469
Apresoline (1-hydrazinophthalazine), results with oral hexamethonium alone and in combination with, in the therapy of hypertension, 379
Arterial hypertension among Indians of the Southwestern United States, 505
Artery, coronary, disease, hypertension and diabetes, total serum cholesterol, cholesterol-lipid phosphorus ratio, S_f 12-20 concentration in, 120
Arthritis, rheumatoid, therapy, 71
Atherosclerosis, peripheral, advanced, heparin in the treatment of, 14
Auerbach, S. H., *see* Meneely, G. R., *et al.*, 172
Aureomycin and penicillin, combinations of, antagonism and addition from, in the treatment of pneumococcic infections in mice, 525
multiple doses of, combined compared with each drug alone, comparison of results of treatment of pneumococcic infections of mice with, 648
Aureomycin, chloramphenicol and terramycin, oral undecylinic acid in the prevention of the so-called monilial complications secondary to the use of, 274
Auricular fibrillation, chronic, the use of quinidine in, 617

B

Bacteriological, clinical and therapeutic features of fourteen cases of Bacteroides infections, 253
Bacteroides infections; clinical, bacteriological and therapeutic features of fourteen cases, 253
Bauer, F. K., Cassen, B., Youtcheff, E., and Shoop, L., Jet injection of radioisotopes, 374
Bayne, G. M., Glyfe, J. Carfagno, S., and Boger. W. P., Benzethacil (Bicillin): a report of the penicillemia following its oral administration in man, 190
Beerman, H., Weber-Christian syndrome, 446
Bell's palsy treated with cortisone, 358
Benton, J. G., *see* Russek, H. I., *et al.*, 147
Benzethacil (Bicillin): a report of the penicillemia following its oral administration in man, 190
Best, M. M., Hurt, W. F., Shaw, J. E., and Wathen, J. D., Study of the mercurial diuretic, Dicurin Procaine (merethoxylline procaine) by subcutaneous injection, 132
